

Helping hands in the community:

The Caring Craftsmen Team

What we do:

The Caring Craftsmen Team is a part of the FANS Network. We work with individuals with disabilities and their families who are in need of support from their community. Our task is to help with needs around the home.

Who do we help:

Through this project you will be helping a person with a disability and/or their family with much needed home repairs or projects they could otherwise not afford or complete on their own. A little bit of help goes a long way.

Join us!

We are looking for individuals and companies that are willing to donate time, money, and/or materials for these projects. Discounts on materials are also helpful for our cause. There is also the opportunity to become the title sponsor for the project.

If you would like to join **The Caring Craftsmen Team**, or if you would like more information, please contact Sarah Troyer by phone at (419) 221-1385 ext. 1008 or by email at stroyer@acbdd.org. There is no obligation or expectation when you join the FANS Network – we will send you Service Opportunity Invitations when a need arises, and if you want to help, just respond. We can make a difference together!
